CNC Machinist – Full Time

Day Shift – 7:00am to 3:30pm

Pay Rate \$30.00 to \$35.00 hr.

Job Summary

We are seeking a highly skilled CNC Machinist with 7+ years of experience to join our team. The ideal candidate will be responsible for setting up, operating, and maintaining CNC machines to produce precision parts.

Responsibilities

- Program CNC machines based on technical drawings and specifications
- Perform machining operations using tools such as calipers and micrometers
- Read and interpret blueprints to determine machining operations
- Operate various CNC machines including milling machines and coordinate measuring machines
- Conduct quality control inspections
- Maintain machine cleanliness and perform routine maintenance tasks

Skills

- Proficiency in CNC programming and operation
- Mechanical knowledge related to machining processes
- Ability to use precision measuring instruments like calipers
- Familiarity with Fanuc controls
- Competency in blueprint reading for machining operations
